Legend

The Rim of the World Recreation and Park District provides district-wide recreation opportunities by maintaining parks, athletic fields, community centers, and public gathering spaces across the mountain communities.

Facility Improvements and Ongoing Needs

The District has used available funding and grants to improve community facilities. Aging buildings, parks and fields still require ongoing maintenance and repairs.

RECENT IMPROVEMENTS

- Community center interior renovations
- Window replacements and stage upgrades
- Rimforest studio and gym/loft updates
- Arrowbear Park climbing bear and shade structure

CONTINUING FACILITY NEEDS

Routine upkeep, major repairs, accessibility improvements and replacement of aging building systems.

Completed projects address specific needs. They do not eliminate routine upkeep, future repairs or replacement costs.

BRINGING THE MOUNTAIN COMMUNITY TOGETHER

PROGRAMS & SERVICES

Supporting Our Seniors & Our Community

- **Supporting Seniors:** Since 2024, the District has partnered with the Running Springs Golden Oaks and Mountain Communities Senior Citizens Groups, providing affordable access to the Hootman and Twin Peaks Community Centers for activities, meetings, programs, and social events.
- **Staying Active & Connected:** Senior groups use our community centers an average of **40-50 hours each month**, providing welcoming, accessible spaces to stay active, socialize, and remain connected to the community.
- **A Resource During Emergencies:** During power outages, wildfires, extreme weather, and other emergencies, our community centers become vital community resources—providing space for emergency information, public meetings, and disaster response efforts.
- **Strong Community Partnerships:** The District works alongside Southern California Edison, San Bernardino County OES, local fire departments, FEMA, the Mountain Rim Fire Safe Council, and other agencies to support our mountain communities during emergencies.

Maintaining Services in a Changing Cost Environment

Without additional funding to offset rising costs, the District may need to:

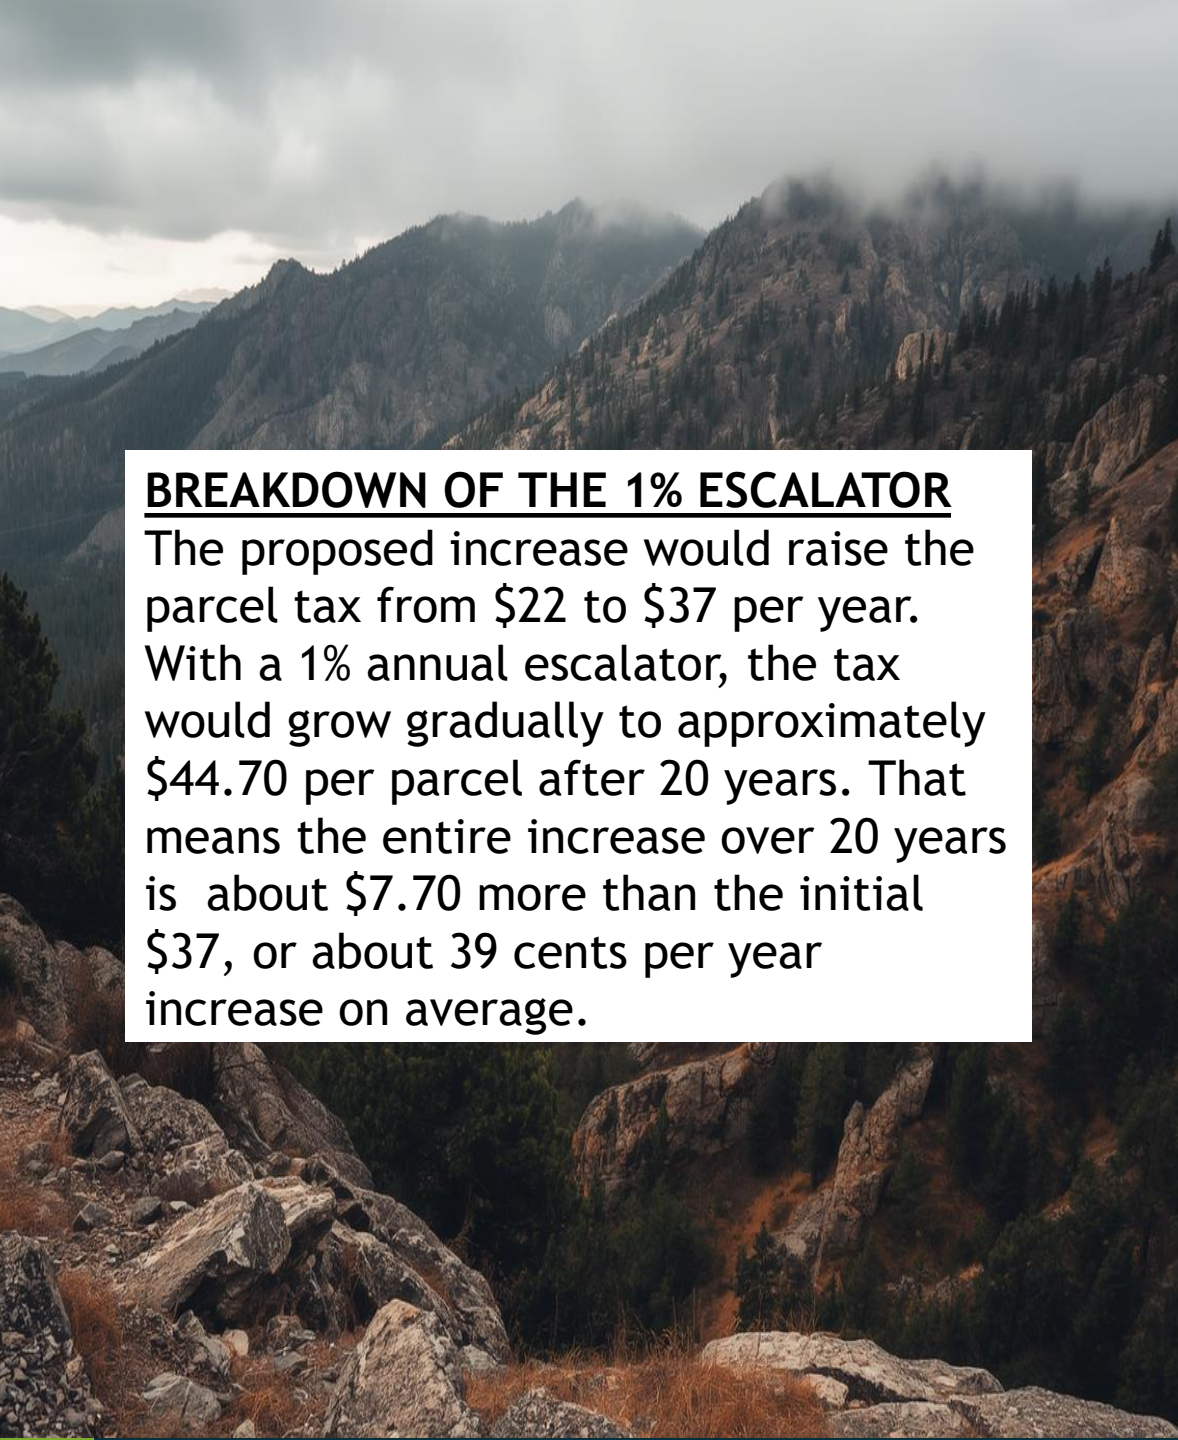

Prioritize essential operations over facility improvements

Delay maintenance and infrastructure projects

Reduce flexibility to respond to unexpected needs

Evaluate future program and service levels

BALLOT LANGUAGE

BREAKDOWN OF THE 1% ESCALATOR

The proposed increase would raise the parcel tax from \$22 to \$37 per year. With a 1% annual escalator, the tax would grow gradually to approximately \$44.70 per parcel after 20 years. That means the entire increase over 20 years is about \$7.70 more than the initial \$37, or about 39 cents per year increase on average.

Shall Rim of the World Recreation & Park District adopt a resolution increasing its annual special parcel tax from \$22 to \$37/parcel/year, with an annual escalator of 1% until ended by voters, generating approximately \$510,000 the first year, to sustain essential recreation services; improve and maintain parks, recreational facilities, and community amenities; address rising costs, emergency repair and disaster recovery; all funds remain local used only for these purposes with annual audit/reporting?
